In my settlement there were  
22 settlers living the day the  
line was finished; the day  
that the orders for removal &c.

there was but 28; which makes but 6 of an increase

#### Circumstances in the interim

All those marked thus \* in the second column are the old settlers.  
All those marked — † are small families increased by inter-  
marriages with the old settlers children (and consequently have  
but small families, which are five in number.

Charles Wells went early last winter to seek a place in the  
western country — a few days ago he returned & will soon go off.  
Robert Little and William Hartgrave has made but one crop, and  
had been preparing to remove to Cumberland 6 weeks before orders —  
One of the William Taylor's lives in side the line — tends a little ground  
out — Much more might be said on the concern.

Old settlers in Nathan Smith's settlement, before the line was run.

Circumstances Joshua Dunagan Deceased, Cunningham, Lawrence, Montgomery and Tansley, all removed long before the orders for removal &c. Solomon Peak lives inside the line, but tends some land without. Ezechiel Dunagan and Isaiah Dunagan were both married since the line was run. So that upon a full inquiry and generous allowances make  
\* Joseph Dunagan's settlement is not so strong nor more in number the day the line was run

Old settlers were 22 in Wofford's settlement	now	28
Old D <sup>r</sup> M <sup>r</sup> Smith's 13	now	30
Old D <sup>r</sup> John Little's 5	now	10
Old D <sup>r</sup> Dunagan's 6	now	16

Old and new in my settlement, demominated Wofford's settlement. Say 66.

If proper allowances were made there would not be above 20

All new settlers and  
 entirely out of the limits of  
 my neighbourhood, and  
 south of the North and main  
 fork of the Osage river
